

AMDOR

EXTENDED SLAT SHOE

BOTTOM PANEL END CAP

ESS-FINISH PROTECTION SYSTEM

AMDOR EXCLUSIVE

Traditional roll-up door side seals can cause finish abrasion, resulting in added maintenance and expense.

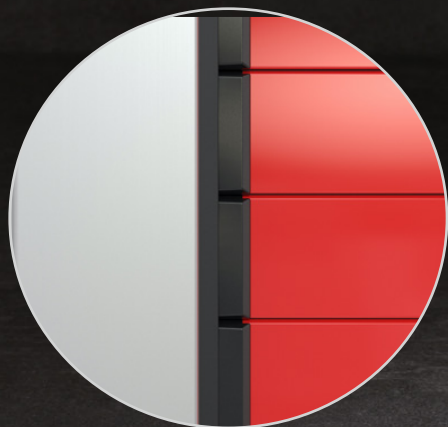

AVAILABLE WITH ALL
DOOR FINISHES.

ESS-FINISH PROTECTION SYSTEM

AMDOR's exclusive patent pending feature called the "Extended Slat Shoe" or "ESS" acts as the wear surface, allowing for proper sealing while eliminating unsightly finish abrasion.

This AMDOR exclusive solution reduces long-term maintenance costs, improves the lifetime value of your investment and maintains the visual integrity of your roll-up door's finish.

INCLUDED WITH YOUR
AMDOR ESS SYSTEM:

Patent pending
extended slat shoe.

Extended bottom panel
end cap.

UV stable color matching
black side seal.
